

## **Titania's Lullaby (Fairies)**

### **FAIRIES:**

Spotted snakes, spitting tongue  
Slide away the night's begun,  
Slip not near this sleepy scene.  
Spiders black, spinning webs  
Danger in their silky threads  
Come not near our Fairy Queen.

### **CHORUS:**

Philomel with sweet melody  
We'll sing a lullaby for you.  
Lulla, lull, lull, lull, lullaby  
We'll sing a lullaby.  
So we say – "Goodnight, and adieu"  
With a lullaby for you.

Cunning fox, badger brocks,  
Sleep beneath the earth and rocks.  
Creatures who creep in the night.  
All around, not a sound,  
In the air, or on the ground  
Keep you from our lady's sight.

### **CHORUS:**

Philomel with sweet melody  
We'll sing a lullaby for you.  
Lulla, lull, lull, lull, lullaby  
We'll sing a lullaby.  
So we say – "Goodnight, and adieu"  
With a lullaby for you.
