### Coronavirus Update

We do hope you are continuing to follow the updates from government, are staying safe and managed to somehow have an enjoyable Easter. We also hope you are finding time to complete the tasks your class teachers have been setting. We really feel, in these uncertain times, that time MUST be found for routine and the tasks set from GJS can certainly help that. We are asking the children, should you give permission of course, to keep in touch with their teachers by emailing them with their news. This could include what tasks have been completed, how long they have been 'working' for each day and what 'other' activities they have been doing, safely of course. If they would like to send pictures too this would be great. They may even make it to our newsletter each week! You can even contact Mr Samson! The contact details can be found on the school website but have also been listed below:

Miss Dlugokecka – [sdlugokecka@godalming-junior.surrey.sch.uk](mailto:sdlugokecka@godalming-junior.surrey.sch.uk)

### Mr Samson's Weekly Challenge

Well done and thank you to everyone who has taken part in Mr Samson's weekly challenges AND especially Sammy Lock's recent speech challenge entry which can also be found on the school website in the [Parent information Coronavirus](#) section. He gives a very powerful public health warning about what to do so please take a look! This week, you are being asked to 'brush' up on your art skills so please follow the link at the top of the newsletter to find out more.

### Remote Learning

We are also in the process of researching Google Classroom and it will be ready for 'official' use from **Monday 27th April** for the children to access their remote learning platform. It will also give us, as a school, the facility to see who is actually logging on to access the work so it is really important you find time in your day to complete the tasks as well as you can. On Monday, a guide will be sent out and the children have the chance to simply attempt logging on. By the end of next week, as in previous weeks, the work for each year group 'room' will be uploaded and ready to be used for the following week. Mr Samson will also be posting assembly videos to be watched, where possible, at the 'normal' assembly time of 10.00am each Monday (just enough time to have a shower and a drink after your Joe Wicks workout at 9.00am). You also have the opportunity to contact your class teacher if your child has any difficulty logging on. Next week will be the last week the work is uploaded to the school website during this transition period. After that it will only be accessible via Google Classroom.

### LockDown Laughs

Knock, Knock!

Who's There?

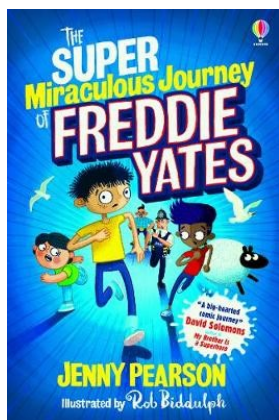

Isla and Otis Mortimer. They have created a new website which is sure to put smiles on your faces during these challenging times. The link for LockDown Laughs can be found at the top of the newsletter and is a very original way of keeping in touch with people as well as attempting to raise money for some fantastic causes. Please do take a look and pledge anything you are able to. All you need to do is share a joke!
