

## Design a Funky Easter Bunny

Time to get creative with shape, line, pattern and colour Year 4! We would like you to design your own funky bunny!

<https://wonderbarart.com/funky-easter-bunnies/>

### **STEP 1: DRAW**

Draw lines or patterns in each section of the bunny.

## STEP 2: CUT OUT

Cut out the outline of your bunny as well as the glasses you've chosen.

## STEP 3: COLOR

You can glue your bunny on coloured card/paper or create your own background using paint or collaged paper. On these examples they have drawn a patterned background which they've coloured with watercolours.

## STEP 4: GLUE

Glue the bunny and glasses on your paper once dry. Voilà!

We can't wait to see your 'Funky Bunny' creations! You can take a photo and send them to us.
