SCHOOL ACCESSIBILITY PLAN

This policy was reviewed: Summer 2026

This policy will be reviewed next: Summer 2027

This policy will be reviewed by: The L and C Committee

Introduction

This plan has been drawn up in accordance with the planning duty in the [Equality Act 2010](#), as amended by the [Special Educational Needs and Disability Regulations 2014](#). It draws on the guidance from :-

[Special Educational Needs and Disability Code of Practice: Statutory Guidance 2015](#)

The policy should also be read in accordance with the school EDI Policy.

Definition

Disability is defined by the Equality Act 2010:

"A person has a disability if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' negative effect on his or her ability to do normal daily activities."

Key Objective

To reduce and eliminate barriers to access to the curriculum and to full participation in the school community for pupils, and prospective pupils, with a disability. This is underpinned by the schools commitment to the UN Convention on the Rights of the Child and the articles within with particular regard to [Article 2 - The Convention applying to every child without discrimination](#).

Principles

Compliance with the Equality Act is consistent with the school's Equality Policy, and the operation of the school's SEND policy and the school's commitment to Respecting the Rights of the [Child UNICEF agenda](#).

The school recognises its duty:

- not to discriminate against disabled pupils in their admissions and exclusions, and provision of education and associated services
- not to treat disabled pupils less favourably
- to take reasonable steps to avoid putting disabled pupils at a substantial disadvantage
- to publish an Accessibility Plan.

The school will:

1. Recognise and value parents' knowledge of their child's disability and its effect on their ability to carry out normal activities, and respects the parents' and child's right to confidentiality.
2. Provide all pupils with a broad and balanced curriculum, differentiated and reasonably adapted to meet the needs of individual pupils. This curriculum

endorses the key principles in the National Curriculum 2014 framework, which underpin the development of a more inclusive curriculum by:

- setting suitable learning challenges
- responding to pupils' diverse learning needs
- overcoming potential barriers to learning and assessment for individuals and groups of pupils.

Policy into practice

a) Education & related activities

The school will continue to seek and follow the advice of LA services and outside agencies, such as specialist teacher advisers and SEN consultants, and of appropriate health professionals from the local NHS Trusts.

b) Physical environment

The school will take account of the needs of pupils and visitors with physical difficulties and sensory impairments when planning and undertaking future improvements and refurbishments of the site and premises, such as improved access, lighting, acoustic treatment and colour schemes, and more accessible facilities and fittings.

c) Provision of information

The school will make parents aware of local services, including those provided through the LA, and provide information in alternative formats when required or requested. This includes school policies, newsletters, forms or website content

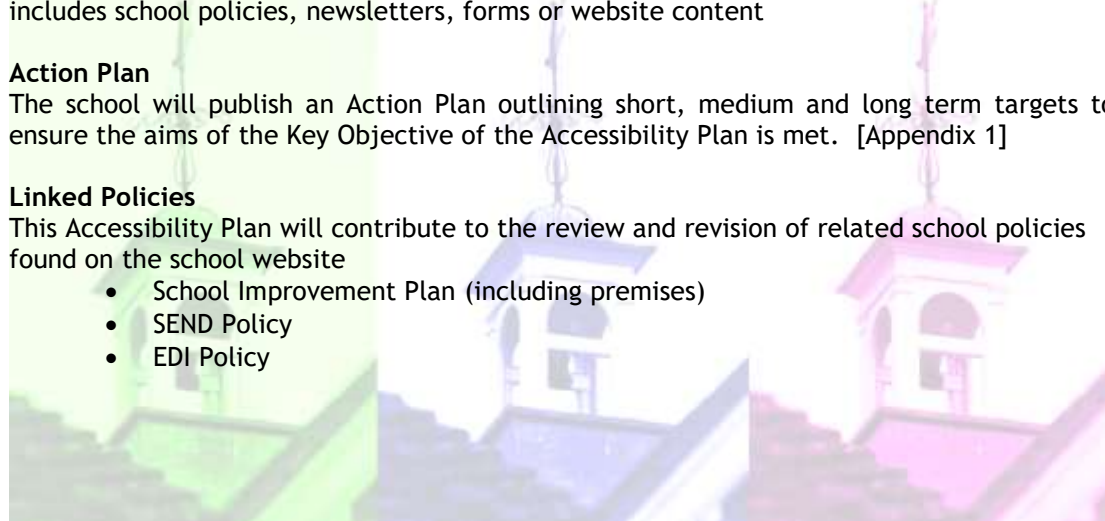

Action Plan

The school will publish an Action Plan outlining short, medium and long term targets to ensure the aims of the Key Objective of the Accessibility Plan is met. [Appendix 1]

Linked Policies

This Accessibility Plan will contribute to the review and revision of related school policies found on the school website
