

Godalming

A graphic featuring the words "GO GREEN" in large, bold, green capital letters. Behind the text are several stylized green trees of varying heights and shapes, creating a forest-like background.

GO GREEN

GLP Competition Time

It's time for the final GLP competition of the year!

The final GLP children's event of the year is one focussing on climate change, caring for the environment and sustainability as part of our **'Godalming Go Green'** event!

All 12 schools will be rolling out a project that helps us to be kinder to the environment.

Your Challenge

Come up with an idea that your school can adopt which will be good for the environment.

It must be something that can be **sustained** (continued over time).

You can work by yourself, in a pair or in a group to create your project.

You will need to think about any **resources** and **budget** you may need for your project.

The best idea from each school will be adopted and rolled out from September

Your Challenge

Once you have come up with your project and how it can be sustained, contact your head teacher.

The winning project from each school will be rolled out in **September**.

Closing Date:
Friday 28th May 2021
